Energy Benchmarking Workshop

July 20, 2010, 8AM-12PM

University of Washington Tacoma campus
Science Building, Room 111
Tacoma, WA

November 5, 2010, 8AM-12PM

Green River Community College
Auburn, WA

This hands-on session will teach you how to utilize the Environmental Protection Agency's database, Portfolio Manager, an essential tool for energy management and energy savings. Workshop participants will set up their ENERGY STAR benchmarking accounts and will begin the initial energy performance rating for their building with individual guidance from an experienced benchmarking instructor and technical assistants.

Complimentary Continental Breakfast is provided.

What is the BOMA Energy Efficiency Program (BEEP)?

Developed by the BOMA Foundation in partnership with the US Environmental Protection Agency ENERGY STAR program, BEEP is an innovative operational excellence program designed for property owners, managers, and operators. Previously only available in national web casts—live, interactive sessions held in Washington will focus on low- and no-cost techniques for optimizing equipment, people, and practices.
