May Meeting Recap

"Protecting Your Building: Fire & Sprinkler Systems"

Presented by Steve Andro, Cosco Fire Protection

Thank you to those that were able to make it to May's membership meeting. We learned how you can protect your property from the destruction and devastation of a fire. Famous fires throughout history have helped establish our current fire and building codes.

Steve Andro began his career in the sprinkler industry in 1989 as a sprinkler fitter and now works in service sales for Cosco Fire Protection. Steve helped us understand the different types of sprinkler systems on the market and gave us an overview of the need for and types of mandated standard system inspections per NFPA 25.
